

THERAPY DOG WORKSHOP

MONDAY NOVEMBER 11, 2024

6:30-8:30 PM

We will be holding an informational workshop at the club to introduce people (no dogs) interested in learning more about becoming a therapy dog team through Alliance of Therapy Dogs. This workshop is open to club members at no cost and to the general public at \$10 per person. We are limiting this to 30 participants.

Junior Handlers - Teens between the ages of 12-15 are also welcome but must be accompanied by a parent. Teens 16 & 17 may attend on their own if their parents have signed the Release of Liability downloaded from the POTC website. No cost for club members and a \$5 fee for those who aren't POTC members.

We will be discussing the human requirements for becoming a Therapy Dog Team plus personality traits, skills & tricks useful for dogs to be successful team members. We will briefly go through the ATD website so please bring your phone and/or tablet so you can follow along.

You may register at any time through Friday November 8 at 5 pm. Payment at the door. Please contact Julie Robinson at:
